 - **Department of Fine Arts Fashion & Interior Designing**
 - **Department of Beauty Wellness, Health Care Management**
 - **Vocational Training**

INDUSTRY INTEGRATED PROGRAMS

The (Industry Integrated program is more application oriented and aims to give practical exposure to the students through industry internships. This program blends Industry Exposure with Academic Knowledge and is intended to prepare ready to be employed graduates.

The rise and boom of technological advancements in almost all industries is resulting in increased competition amongst working professionals. Most Management, Fashion, banking, finance, technology, media, and marketing industries are welcoming professionals who possess industry-specific learning and skills that are beneficial in improving the company's performance. Practical industry knowledge and understanding of effective methodologies are highly important for achieving profitable outcomes.

In India, most working professionals feel stagnant in their respective jobs after a certain tenure. They believe there is no learning happening whatsoever and they are often unaware of newly introduced industry trends and global practices within their respective domains. This leads them to look for work-integrated learning programs and courses that would upgrade their skills and make them efficient enough to run the latest projects successfully.

To bridge the gap of industry-specific needs and uplift the careers of working professionals, the North East Christian University has introduced Industry Integrated Programs.

North East Christian University is offering one of the best and most competitive Industry Integrated programs as a means of continuing education for employed professionals through the human resource development of specific organizations. In order to conduct these programs, the integrative organizations must provide physical and other facilities. By doing so, they are agreeing to integrate their work requirements with the academic requirements of the North East Christian University for pursuing Diploma / Bachelor / Master level programs. In all these programs, a large emphasis is placed on self-learning in order to integrate as many modern technologies as necessary.

North East Christian University focus in the field of Business & Financial Management, Hospitality & Hotel Management, Tour & Travel Management, Fashion & Interior Designing, Cosmetology & Beauty Artists, Occupational Safety Management, Information Technology & Computer Science, Health Care Management & other industry integrated programs.

Institutions & Universities govern these programs as Industrial Training & Vocational Programs.

University also focus on International Collaborations with Foreign Industries, Companies & Institutions to expand the global reach of our partner Universities.

This is very beneficial to students through Blended mode of Learning i.e. Industrial-Institutional Learning the quality of Education improves terrifically, leading to use of Lesser University resources as the most of the Education & Experience is obtained by the student on OJT (On-the-Job Training).

A well Experienced Student always stands out in the Crowd being the torch bearer of his Alma-Mater.

Department of **Information Technology and Computer Application**

COURSE	PROGRAMS	
	Eligibility	Duration
Certificate in Program Applications	10th	1 Year
Diploma in Computer Applications	12th	1 Year
B.SC. Information Technology	12th	3 Year
Bachelors of Computer Applications	12th	3 Year
Masters of Computer Applications	Relevant Grad.	2 Year
M.B.A. in Computer Applications	Graduation	2 Year
M.Sc Information Technology	B.Sc	2 Year
Post Graduate Diploma in Computer Applications	Graduation	1 Year

Department of Safety Management & Engineering

COURSE	PROGRAMS	
	Eligibility	Duration
CERTIFICATE PROGRAMS	10th	1 Year
Fire Safety/ Industrial Safety / Occupational Safety / Health, Safety and Environment		
Fire Man/ Fire Technician/ Disaster Management/ Food Safety		
DIPLOMA PROGRAMS - Fire Safety Management	10th	1 Year
